FASTBIND EVA XT™

Versatile applications:

- Hard & Soft Cover Books
- Thick & Thin Books
- Economical & Compact
- Easy to Use & Low Maintenance

NEW!

**Adjustable & precise
temperature control!**

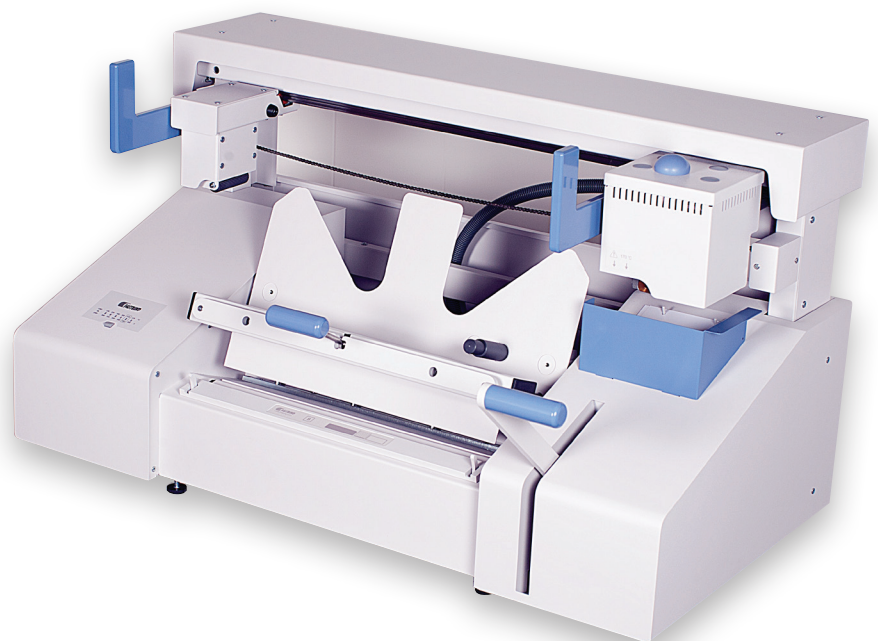

FASTBIND EVA XT™

Professional binding system

Binds soft & hard cover books up to SRA3 size or A4 landscape

Dust free PGO Microcut spine roughening

The most versatile perfect binder available today!

FASTBIND EVA XT™

Flexible binding system

The new EVA XT™ is a large format perfect binder for traditional EVA gluing. As the rest of the Perfect family, EVA XT can bind both soft and hard cover books, from miniature up to SRA3 portrait or A4 landscape, with no set up between jobs, whatever the format or thickness. As always, your binding job is fast, easy and profitable.

New PGO Microcut roughener

Fastbind EVA XT features the new Fastbind PGO Microcut roughener. It provides an optimized cutting pattern that increases glue penetration for better binding strength. PGO is a unique innovation opening the paper grain silently and dust free!

High Precision Gluing

The high precision glue applicator adds more precise control to the binding process than ever before and lets you select the optimum glue temperature for your needs. You get a constant temperature, with less than one degree variation.

Easy to use

EVA XT requires no set-up times or book format adjustments. It self adjusts for book thickness from 1 to 1000 pages*. It offers easy manual operation which along with the rugged construction means low maintenance and years of dependable use.

* depending on paper type

Specifications

	Europe	U.S.A.
Machine cycles/hour	Up to 450	Up to 450
Capacity books/minute*	1 - 3	1 - 3
